Energetic and Enthusiastic Leader

Dr. Southard, President

In a recent interview, Dr. Southard, newly appointed President of Saint Leo College, expressed an optimism toward the college scene. He is impressed with the student body, especially the Freshman Class, and feels much can be done this year.

Dr. Southard feels like he is returning home to his own liberal arts college, where he knew the president and tried to model himself after him. He feels now, that he can finally realize his lifelong ambition.

Dr. Southard has strong feelings about the school's small enrollment and believes it gives people a chance to know everyone and become involved.

Some of the ideas he has hopes for realizing are seeing committees and faculty continue to work on an improved curriculum, that is more realistic to freshmen. More concern should be given to senior placement.

Southard would also like to see Saint Leo become more organized on the business level and expand the summer program to increase full operation to eleven and a half months.

Becoming a rural residence college with more weekend activities and experiencing a fuller religious life are other elements he feels are important.

He is very impressed with this year's school leaders, and hopes the student government continues to work diligently in order to get things done.

In less than a month, Dr. Southard has shown that he is an energetic and enthusiastic leader, the kind Saint Leo needs. His door is open to any student and he is willing to listen to your problem.

In conclusion, he stated, "I hope that Saint Leo, through the family of the Abbey, students, faculty, and administration, will provide a model of a completely rounded life for four years, and this attitude will carry over to other campuses."

The Lion wishes Dr. Southard luck in the upcoming year and assures him our support.

President Thomas B. Southard is optimistically looking ahead to a successful year at St. Leo.

A.W.S.: A Proven Voice

The Intercollegiate Association of Women Students is a national organization of over 200,000 members formed in 1913 for the three-fold purpose:

(1) That the higher education of women requires the existence of a special organization to meet their unique needs;

(2) That women must identify, explore, develop, and utilize their individual potential;

(3) That women should fulfill their role as educated and competent persons throughout their lives.

During the 1969-70 school year in the wake of the growing complexities of society which challenge the stereotype roles women traditionally play, the women of Saint Leo College organized an association of women students to uphold the principles of womanhood in an institute of higher education. The AWS consists of three governing branches:

(1) The Executive Board with a president, vice president, secretary, and treasurer; (2) The Senate with one representative from each floor of each of the four women's dormitories; (3) The Judicial Branch consisting of ten judges – one freshman, two sophomores, three juniors, and four seniors.

Since the establishment of the AWS, the women have sponsored and participated as an organization in many college functions. They sponsor the annual Valentine's Day Dance for the benefit of the student body. They also sponsor the annual Christmas Dinner and Fashion Show for all the women students. They sponsor a resale of textbooks at the start of the second semester and they also participate in the annual Christmas Card Contest. They periodically invite various speakers to address the women on important topics of discussion.

Because of Saint Leo's proven interests in improvement and advancement of womanhood on campus the AWS has just recently gained national recognition in the intercollegiate association of women students. This is the first time in the history of Saint Leo College that women have attained national status in any organization.

(continued on page 3)

Frosh Elect Officers

On Friday, September 24, the 1971-72 St. Leo Freshman Class conducted the voting for its class officers. As *The Lion* went to press the two elected winners were Carl Atilia, receiving 116 votes for Vice President, over Paul Higgins' 62, and Patty Donohue's 89 votes for female representative over Janet Kutza and Madeline Cipriano.

In the presidential race there was a runoff between James Cavanaugh and Paul McKean, since neither polled the necessary majority.

Quite a few people won by acclamation. They were Bonny Faye, secretary, Kevin Callahan, male senator, and Dennis Bogle, treasurer. Freshman members of the Campus Court are Stuart Arnett and Scott Spradley.

Not too much can be said for the whole campaign. The speeches were the general trite rhetoric heard all too often from people running for office. The only redeeming element of this whole farce was that the promises were not as superfluous as one generally hears. However, no one mentioned that the elections meant nothing, that the tenure of total, ultimate power lies with the administration, and not to any legitimate degree with the students.

Impact of Brass Return Tonight

The 1971-72 St. Leo College Community Artist Series will begin tonight with the return appearance of the "Impact of Brass".

The word from the tin ears in tinsel town is that the Brass have changed. Last year's large crowd at the Marion Bowman Activity Center, saw ten well-dressed musicians in coats and ties, play the best of the Beatles, folk-rock and other familiar melodies. This year, as you can see by the picture, The Brass has changed their style. In addition to the best of rock, there are numbers featuring the Supremes and the Beatles.

Admission to students is free.

LATE NOTICE

Paul McKean defeated James Cavanaugh Monday, in the Freshman President run-off, by a vote of 85 to 77.

The Lion Comments

Food Sucks!

And Rationing, Too?

by Robert Bryant Camilleri, Associate Editor, The Lion

As in previous years, the cafeteria system at Saint Leo College has failed to live up to its expectations.

This is not to say that changes within the cafeteria system have not occurred over the last few years; they have; but what seems astounding to this writer, is the fact that with every change more problems developed.

A point, in reference to the above, concerns the renovation of the McDonald Cafeteria, in which new milk and tea concessioneers were added and counters formerly at the side walls were moved to the middle of the floor. During lunch hours the cafeteria now offers a snack line where sandwiches and drinks are served.

All of these changes have helped; but when one looks at the system more closely, one finds many inadequacies.

The fact that the student is paying $270.00 for the privilege of not being allowed by the "system" to eat as one so desires; referring to the policy of the cafeteria of not allowing students to receive a second serving of food is both chaotic and tyrannical.

The cafeteria system, for the first time, has imposed sanctions in regard to the amount of bread, butter, and crackers that may be eaten by a student at dinner and lunch.

Last year, let's face it, the food was abominable to say the least. But when the system regulates the amount of food that can be eaten and then has the audacity to regulate the amount of bread, crackers, and butter to be served with a meal, then the system has gone too far. This is not to mention the practice of some busboys, who clean up in the McDonald cafeteria, of taking bread that has already been served to one student and placing it back on the serving tray for another student to have. Not only is this practice unsanitary, it is also a health hazard.

In regard to the food served: it is no rumor that it's never going to get better. That problem has yet to be solved and at the rate the rationing of the food is going, just to get some food, no matter what it tastes like, is a blessing in itself.

How blind can a cafeteria system be when so many students decided not to even eat there this year because of last year's inadequate food, and chose, rather, to be reimbursed for their meal card.

The time has come for the Student Government Association to see that these practices cease; and cease soon. Being the representatives of the students, they claim to be, the Food Service Committee should be reactivated immediately to see that these rationary policies are stopped, before they get out of hand.

Meanwhile, the cafeteria system has once again endeared students to itself by imposing the sanction mentioned. Who knows, in years to come, one might see a St. Leo student sharing a tea bag with three fellow students.

Whatever the case, one fact predominates: the cafeteria system has proved once again that pleasing the student is the last of their aims.

. . . More thought provoking comments

by Jim Biondi

Since nothing of any relevancy has occurred on campus over the past two weeks, I'll take this time and space for a few irrelevant comments.

It's the season of the Beer Bash. Fraternities and sororities are doing their best to impress the new students of the advantages of the Greek life. There is drinking and partying and a good time in general. However, simultaneously (and not coincidentally), other seasons are occurring. They are the seasons of arrests, car accidents, vandalism, fights, and widespread vomiting. Off campus fun eventually turns into on campus destruction, at the expense of the College.

God bless the fraternity that initiates an orientation course on how to leave a beer bash, DECENTLY!

What do you think of four letter slang words in your newspaper? I refuse to call it obscenity, because the Supreme Court decided, in the case where the man had "Fuck" written on his shirt, that the obscenity was in the mind, not in the word.

I am against obscenity for the sake of obscenity, however, a well placed "shit" can be very important in influencing someone's opinion. I wouldn't hesitate to include a strategic no-no, and would have clear conscience, as to whether I pierced anyone's virgin ears.

Any opinions on this matter are welcomed.

One last thought, concerning my associate editor's slashing editorial on the cafeteria, RIGHT ON BRYANT!

Letters to the Editor

Let's sell guns to convicts in prison if they sign a paper promising not to use them, until they get out. How about selling marijuana on the White House steps, if the hippie gives his word not to smoke in the U.S.?

Sounds absurd? assinine? preposterous? Inviting trouble? Provoking wrongdoing? Baiting the trap?

Well, what do you think of Club '67 selling six packs?

It's not bad enough that they're in a community where 75% are illegal according to state law, but as stated in the Student Handbook, the student is guilty the second he steps out the Club door. Hypocrisy?

Sure they can say, "We told the 21 year olds not to sell it to minors or drink in their room." Big shit!

Why would they buy it in the Club, if not for the convenience of getting it to their room before it gets warm? Is the loyalty to the school greater than the savings from Ye Olde Package Store?

Between phony identification and the ease in which local stores sell to unshaven minors, it's easy enough for students to enjoy the opportunity to get busted. Why increase the odds against students getting away with a little weekend drinking by initiating another convenience we're not supposed to be caught doing?

Wouldn't it be ironic, if a bulletin board in Roderick Hall has Sister Lucy's authorization notice to sell six-packs, surrounded by six probation notices.

Bunker

The article "Campus Renovations" in the September 16th issue of *The Lion*, was a fairly comprehensive outline of the changes that were made in the various areas of the Department of Student Affairs this summer. However, special recognition should be given to Brother Paul and his housekeeping crew, Brother George and the Plant Operations staff, and Mr. Marcus Baker, who personally worked on the expansion of Club 67.

Also, because of the support of Dr. Southard and the St. Leo Abbey Community, we have been able to make great strides in expanding the health facilities which should be in full operation soon.

In the article I was given credit for having brought these changes. However, the people who actually carried out my requests should be given proper recognition. Without their support, my requisitions would simply be on file, and you students would not be enjoying the benefits of better facilities in which to carry out your educational activities.

Sister Lucy Faciane
Dean of Student Affairs

A NOTE OF THANKS

On behalf of the Student Government, I would like to thank Mr. Robert A. Brown, Trustee Emeritus, for his generous gift of $300.00 to get the SGA over some rough spots.

Sincerely,
Peter A. Crover
SGA President

Student Affairs News

The 1971-72 Student Senate was officially called to order at 3:02 on Tuesday, September 21, in a closed meeting. The purpose of this meeting was to elect a President Pro-Tem of the Senate and to set up the Senate committees for the coming 1971-72 fiscal school year.

Dennis Hayes was elected President Pro-Tem. The new student committees are as follows:

The Resident Hall Committee is composed of Mike Conway, Bill Stewart, Scott Spradley, Charles Durin and Bill Darcy. The chairman is Edward Carhart.

The Social Programs Committee is as follows: Patricia Kuhn, Karen DeNunzio, Joan Redpath and John Quigley. The chairman is Penny Dresser.

The Food Committee chairman is Wanda Spisto. Beth Dempsey, Sharon McCarthy and Nancy Domelly are also members.

The Library Committee is under the responsibility of Rita Silvestro and Judy Kane, who are in charge of financial affairs.

The Liturgical Renewal Committee is composed of John Frank, Mary Arnheiter, Nancy Domelly and Jeff Hergen. The chairman is Denis DiMisa.

The Constitution and Student Rights Committee is chaired by Bill Bouffard and the other members include John O'Rourke, Diane Johnson and Karen Chao.

The Development and Public Relations Committee is composed of Tom Brown, Maggi Shaw, Dori Bostwick and Joanne Briarton. The chairman is Bernie Coyne.

The very important Teacher Evaluation Committee is headed by Colleen Murphy with other members including Donna De Lucas, Michele Protomastro, John Vallero and Bill Bouffard.

Janet Jones is charged with the responsibility of the Records Review Committee.

The Academic Affairs Committee and the Academic Council will be set up at the next Student Senate meeting on the 28th of September.

Judy Kane, President of Club '67, and the senior class, has received a letter of authorization from Sister Lucy Faciane, Dean of Student Affairs, stating that the Club may operate a carry out service of six-packs.

Please take note of the following rule for the good time of all concerned.

Since College policy prohibits the possession or consumption of alcoholic beverages on campus, including all buildings owned or leased by the College (this rule can be found on page 50 of the Student Handbook), the carry out service is for off-campus functions only. If this rule is obeyed this student privilege will not be revoked.

Each person who obtains a six-pack from the Club, must show an I.D., sign for the purchase, and take full responsibility that it is not consumed, distributed, or stored on campus.

This new service is designed primarily to give 21 year olds more responsibility. Each person will be held responsible for his or her own actions. We have been given another privilege by the administration and by the officers of the Senior Class. "Now is the time to prove ourselves that we are worthy of trust," says Senior Class president Judy Kane. This service will be made available during regular Club '67 hours, beginning Friday, September 17, 1971.

Eighteen Year-Old Vote

We have heard students asking about the eighteen-year-old vote and about the requirements in the state of Florida and in other state and local elections.

A few guidelines:

(1) You must be a resident of one state only. If you are a student at Saint Leo, but your legal residence is in New York, you must cast an absentee ballot in your home state of New York, unless you have given up your New York residence.

(2) If you wish to change your residency, you must register in the county office of the state in which you wish to claim new residency.

(3) To vote in municipal elections, you must be a resident of the state of Florida for one year and of said municipality for six months. You must show your birth certificate when you go to register.

Music Scene

Who's Next – The Who. *The Who's* first album since "Live at Leeds" has to be considered one of the finest rock releases this year.

All of the songs, except "My Wife", are composed and sung by talented Peter Townsend, who plays guitar and must be considered the leader of the group.

The album boasts nine great tunes, starting with Baba O'Riley and concluding with the eight and a half minute "Won't Get Fooled Again". All songs are rock, except for "The Song is Over" and "Behind Blue Eyes", which project the softer side of the group.

Master of Reality – Black Sabbath. Black Sabbath's third attempt has the difficult task of following their smash second album "Paranoid".

The album comes with a poster of the group, and the lyrics written on the back cover. The lyrics, like the first two albums, are written in the strange Sabbath tradition.

Master of Reality contains eight songs, two are short instrumentals, written and played by guitarist Toni Iommi. The remaining contain Black Sabbath's hard guitar riffs, with the exception of the pleasant sounding "Solitude", which resembles "Spanish Caravan" from the "Paranoid".

The vocals are well handled by lead singer Ozzie Osborne, who helps create the mood he did so successfully on their first album.

Circle K Sponsors

Come and Give a Damn

On Monday evening, October 4, beginning at 7:30, the Circle K Club of St. Leo College will sponsor a panel discussion on the subject of voter registration.

The program is designed to educate all students and interested persons on the matters of voting, registration, absentee ballot, and many other facets that have now become the concern of many college students as a result of the 26th Amendment to the Constitution.

The panel will include Mr. John Wendel, attorney and professor of St. Leo College, Sister Lucy Faciane, Dean of the College and Mayor of the Town of St. Leo, and the Commissioner of Elections of Hillsborough County (name unavailable).

Mr. Wendel will speak from a viewpoint of general overview with emphasis on national elections. Sr. Lucy will deal with the municipality level, and the County Election Commissioner from the point of county elections.

Following the panel's presentation, the audience will be permitted to ask questions.

As all students now have the right to vote, they are urged to attend this panel so as to become aware of procedure and qualifications needed to register. The event will be held in Selby Auditorium.

A.W.S.: A PROVEN VOICE

(continued from page 1)

At this time the association of women students would like to extend a warm "thank you" to Miss Rose Fernandez, director of women, and Sister Frances Martin, moderator of AWS, for their valuable time and efforts in accomplishing this national recognition.

AWS officers for 1971 and 1972 are: President – Miss Pat Bennett, Vice President – Miss Sue Smith, Secretary – Miss Bernie Coyne, Treasurer – Miss Linda Diana.

St. Leo on TV

Last Sunday, September 26, the Saint Leo Student Community watched WFLA-TV Channel 8 program "Perspective" at 9:30 a.m. This program featured Saint Leo personnel in a discussion and interpretation of the book, "Future Shock" by Alvin Toffler, with program moderator, Dr. Carlos Weiman of the University of Tampa. It also featured interpretive dance sequences by members of the Saint Leo Modern Concert Dance Company, directed by Mrs. Henry.

Monarch Soccer Team "Great Defense"?

September 8, 1971 – In an interview Coach John Swart said, "One of the strong points for our 1971 team will be the defense."

September 24, 1971 – Coach John Swart in an interview said, "We were tough on defense." These words uttered after a well played defeat at the hands of South Florida, clearly stated the defensive power of the Monarchs.

Against Embry Riddle, the Monarch goalies Charlie Wooters and Richard Harmon made 21 saves and the visitors took 35 shots in a 7-3 loss.

Against South Florida, Richard Harmon had 27 saves in a game in which the Brahmans took 41 shots on goal.

Swart said after the U.S.F. game, that St. Leo's defense was the best and tightest it had been in recent years. The Monarchs lost to the highly rated Brahmans 5 to 1, but not before Bob Baker scored the first goal, 16 minutes into the game.

Early in the 1971 season, so far the Monarch scorers are: Bob Baker with two and Bohdan Shashkewych and Steve Erbe, each with one.

Upcoming games are with Stetson University (Oct. 2) and University of Miami (Oct. 15) both at home. Also the Monarchs travel to Lakeland to play Florida Southern on Oct. 8.

Underclassmen who made the 1971 team are as follows: Freshmen– Stephan Erbe (Springlake, N.J.), Gary Comp (Delray Beach, Fla.), Rainer Lilienthal (Caracas, Venezuela), Alfred Maresca (Peekskill, N.Y.), Carmine Sesa (Middletown, N.Y.), John Van Cleave (Caracas, Venezuela), Michael Williams (Jacksonville, Fla.), and Dennis Mahoney (Riviera Beach, Fla.).

Sophomores– Thomas Coleman (Sayville, N.J.), William Cuff (Roslyn Harbor, N.Y.), Jay Mercatanti (Ardsley, N.Y.), Michael Murphy (Chatham, N.J.), Chris O'Brien (St. James, N.Y.), Daniel Osborn (Naragannsett, R.I.), and Rich Harmon of Roselle, N.J.

The action was fast and furious in the soccer season opener, as Embry-Riddle defeated the Monarchs 7-3.

A Pre-Season Look at Fraternity Football

The black and blue league is back in action. Fraternity football is starting the 1971 season with six fraternities participating. Here is a rundown on the teams, players, strengths and weaknesses.

All games will be held on Sunday afternoon at the Pasco Jr. High Field, and just bring yourself. . . no admission charged.

Sigma Beta – Big line headed by John O'Neil and Buddy Brown. Quarterback job is up for grabs while Kenny Kruckel and Bill Tulley will bein the backfield. Ends are Bob Tennyson and Tom Deluca. Key problem is that Beta is plagued by injuries.

Kappa Theta – Newest team in league with Mike Purpura at quarterback. Mike Santoro and Bob Eaton fill out the backfield. The receivers are Dan McCurdy and Gerard Seevers with Greg Clark heading up the line team. One problem will be 13 players.

Kappa Alpha Sigma – Starting out at quarterback will be Tony Lupo with Jack Taylor and Mark Torrell at the end position. Kappa Alpha should have good speed with Dennis Buckley, Barry Pandiani and Terry Doyle at the halfback positions. The line will be strong with John O'Rourke, John Jones and Jerry Butler. But the biggest asset will be their running attack.

Phi Theta Chi – With halfbacks Tom Farnsworth and Tim Makowski in the backfield, the only problem will be at QB with Jay Wipp. Ends will be Ted Athas and Neil Riggione with the line anchored by Kevin Carlin, Bill Cross and John View.

Alpha Sigma Chi – Strong overall with Billy Donavon at quarterback and the quick backfield featuring Carmen Santoro and Dick Longi. Ends will be Pete Morris, Glen Swette and Dick Ammean. Secondary and linebacking will be strong.

Sigma Lambda – Dennis Lewis will be at quarterback with Tom Savage, Charlie Wooters and Jeff Hergen in the backfield. Team lacks height but a strong running game should make up for it.

Organizational News

Kappa Theta Fraternity

The Brothers of Kappa Theta Fraternity would like to extend their appreciation to all those who attended the Spaghetti Dinner on September 23rd. Our gratitude goes out to the sisters of Phi Tau Omega who gave so generously of their time and effort in preparing and serving the spaghetti. Kappa Theta would like to apologize to those people who had to wait till 5:00 p.m. to be served, due to the unforeseeable circumstances regarding the boiling of the water which sent most of this fraternity climbing the ceiling. It could not have been helped. The Brothers would also like to thank Sister Imelda who allowed the fraternity to use the Marmion Cafeteria to prepare the spaghetti, and who was a lifesaver in regard to us getting the spaghetti prepared. We hope that all who attended enjoyed the meal and got "all they could eat."

For the first time in three long years, Kappa Theta Fraternity returned to the football field and scrimmaged Kappa Alpha Sigma to a 6 to 6 tie. Under the "godlike" leadership of Greg Clarke and Jim Bavetta, the Brothers are presently preparing for the upcoming fraternity football season in anticipation of Kappa Theta's opening game against Phi Theta Chi on October 9th.

The Brothers would also like to extend their congratulations to Robert Eaton who was recently made an Honorary Brother of Kappa Theta. Congratulations are also in order for Robert Bryant Camilleri who has been elected Secretary of the fraternity and for Gregory Clarke who was elected as Pledgemaster for the coming year. Other officers for this year are as follows: President, William J. Reagan; Vice President, Mike Lombardy; Treasurer, Mike Santoro; and Sgt. at Arms, James Bavetta.

Due to the dedication and hard work of Bill Reagan and Mike Lombardy, Kappa Theta recently purchased a house which is located on State Road 52. A house warming is planned in the near future, so keep us in mind.

Kappa Alpha Sigma

The Brothers of Kappa Alpha Sigma take great pride in announcing Mr. Ray O'Connor as our new moderator. We are honored having Mr. O'Connor in the Brotherhood, and feel that his assistance will prove invaluable. We would at this time also like to announce the selection of Barry Pandiani as an honorary Brother.

The Brothers would like to thank the student body, and especially the other fraternities, for the strong showing we received at our "BIRD & BREW". We hope all had a good time, and plan to have better and expanded facilities at our next bash. We would especially like to thank Fr. Louis, O.S.B., for the tremendous time and energy he spent helping us clear the land, and the individual efforts of all the Brothers, especially Mike Tenore, Jerry Shuck, Bob Wallace, John Jones, Dennis Krisch, and Bernie Auth.

Looking to the future, the Brothers are all actively involved, or preparing for, a multitude of programs aimed at benefiting both the school and the surrounding community, in addition to participating in all fraternal functions and activities.

The athletic department, headed by Ray Wright, is in full swing, preparing for another I.F.C. grueling football season, led by co-captains Tony Lupo and Jerry Butler. The brothers are also busy with periodic work days to clear the fraternity's land; preparing for a dance at the Boat House on October 1st; busy with the publication of the first *Rebel Yell* of the year for the Alumni; and the selecting of our Kappa Alpha Sigma Sweetheart. Other upcoming activities include the building of a frat house on the property, and the entertaining of migrant and poverty stricken children in the area with movies, cartoons, and soda & popcorn.

Rush chairman, Bill Bouffard, and Pledgemaster, Dennis Buckley, wish to extend a warm invitation to all students to attend the General Rush program on Sunday, October 3rd, and look forward to a fine turnout.

Special mention should be made of the fine work Bob and Jean Leonardi, "Munchi" Brit and Richie Fagan did in collecting money for the Muscular Dystrophy drive.

Marines Invade St. Leo

The U.S. Marine Corps will be visiting Saint Leo College on October 4 and 5. They will set up a display in the snack bar area from 9:00 a.m. to 3:00 p.m. The Corps will interview and test any students interested in a Marine Corps Officer Training Program.
